Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)

Funding will always be a barrier. A large amount of FCFC member's time is spent in grant searching, preparation or reporting.

2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.

Since Morgan County is located in a rural part of the state, all agencies have a history of strong collaboration in working for the citizens of the county. Members of the Care Team, Creative Options, Suicide Coalition, and FCFC tend to be the same people so there are numerous opportunities throughout each month to work together. We do believe that the recent addition of other organizations and / or agencies will enable the FCFC to grow and become more aware of services that can be utilized to increase the success of the plan.
