Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)  
FCFC will be conducting a survey to see where there is a gap in communication between community/service providers.
  
2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.  
With implementing the survey, communication should increase amongst the council which will in turn lead to further county collaboration.

**Report on Indicator Data** (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).
