

Williams County Family and Children First Council Shared Plan for SFYs 12-16

Shared Plan Update for SFY 16

Current FCFC Initiatives:

Were there any modifications from last year's plan? Yes NoX

If yes, please identify the types of changes made by checking the appropriate boxes below:

Priorities

Outcomes

Indicators

Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)

Many agencies had outdated strategic plans or no plans at all.

2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.

The Executive Committee continues to work on the shared planning process very well together. We are continuing to identify needs that the County has and implement strategies that are already in place.

Report on Indicator Data (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome:

Indicator(s):	Baseline Data	Current Year Data	Direction of Change (+, -, NC)
Improved family cohesion.	Data: 0 Year of Data: 2014	Data: 0 Year of Data: 2014	NC
	Data: Year of Data:	Data: Year of Data:	
	Data: Year of Data:	Data: Year of Data:	

3. List the data source(s) for the indicator(s):

The Families and Schools Together pre and post-test reports are used. The most recent data is not yet available. The above data represents the statistically significant 0% increase. Each evaluation report represents the families in the program that school year. There was not a statistically significant increase for family cohesion; therefore the data indicates 0. The committee determined that using 0% of parents reporting improvements would not be a valid representation from year to year. The composition of families in each program varies as does the level of functioning of the families at the beginning of the program.

4. Identify any key findings (explanation of data findings; FCFC actions taken in response to key findings, etc.):
