Indicators

Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)
Significant lack of provider time available to complete another plan. Service providers use different data collection samples leading to disparate sets of data for similar populations

2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.
Serves to enhance the already existing strong communication and collaboration that has been practiced in Darke County for the past 20+ years.
