

Guernsey County Family and Children First Council Shared Plan for SFYs 17-19

Current FCFC Initiatives:

**Were there any modifications from last year's plan? Yes No changed from SFY 16
If yes, please identify the types of changes made by checking the appropriate boxes below:**

x Priorities

x Outcomes

x Indicators

x Strategies

- 1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)**

We are early in the implementation stage of this plan. Funding is always a barrier when looking at activities for the children and their supports.

- 2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.**

The process of talking through the plan and the implementation process has brought the council together in focusing on our shared priority.

We really did make time to meet as a group and rallied around the community wide issue of drug use in our children.

Report on Indicator Data (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: **Decrease the number of 11 to 18 year olds testing positive for drugs**
